Introduction: -

Access to justice is essential for rule of law. Access to justice, enable citizens to have their voices heard, exercise their rights and challenge discrimination. Access to Justice is not confined to court based legal services. It extends to making people aware about their entitlements under various enactments and welfare schemes and programmers and strengthening their access to the same. Some Legal Awareness Visit is being held by the State Legal Services Authorities to make people aware about their entitlements and apprise them about the availability of free legal services. In most of the visit, it has been observed, only creating of awareness is focused on. There is a need to affect paradigm shift from awareness to empowerment. For this to happen, a new Model of holding Legal awareness visit is required which would not only make people aware about their entitlements and procedural aspects relating to the same but also connect them to the welfare schemes meant for them. Delivery based Model for holding Legal awareness visit is required.

Peer Learning Groups (PLGs) “Tell me and I forget; teach me and I remember; involve me and I learn” – Benjamin Franklin

1. The concept of Peer Learning Groups (PLGs) at S.V.M.Law College gets its impetus from the aforementioned concept of Benjamin Franklin. The idea behind the PLGs is to create effective student-centric and student-initiated learning spaces wherein learners, irrespective of their learning capacity could come together and participate in the learning process. Peer learning allows students to work through new concepts and material with other individuals engaged in the same work and provides them with opportunities to teach by one another, expanding their perspectives and fostering meaningful connections. The first step in the PLG is to divide the class into smaller groups. Utmost care is given to maintain the slow-fast learner ratio such that each group has equal representation. A mentor and a leader are assigned for each group who monitors the various activities done by the members. The activities vary according to the learning needs of the groups and students are encouraged to customize the activities accordingly. One mentor manages one class. Activities were assigned to each member in the group. Details of peer learning groups: Admission year: 2022-23 PLG –

The activity conducted was to answer the different question papers of Law. All the members actively helped in finding out the answers of their respective question papers and noted it down. The groups had also conducted a discussion regarding the question paper through interactive mode to clarify their doubts.

DEBATE (07-12-2022) - Another activity was assigned on 6th December, based on that a debate was conducted on the relevant topic in the present scenario. Different interesting topics were selected by all the five groups. The debate was conducted through Google Meet with one member as moderator for each team. There was whole hearted involvement and cooperation from the side every group. Conducting debates helps the students in increasing confidence and self-esteem, improving critical thinking skills, improving observation and communication skills. They can acquire public speaking skills too.

SELF ASSESSMENT (08-12-2022) - A new activity was given to 2 students selected from each group to test the performance level and the activity designed based on question answer session on aptitude level. This would help the students to self-realize their aptitude skills this activity helped the students to assess their own performance level and also helped them to develop specific learning skills that they will need for professional competence. This process may help the students to aware of and more responsible for their own learning process. Peer learning is becoming an increasingly important part of many courses and it is being used in a variety of contexts and disciplines. It is important to consider who the 'peers' in peer learning are. The peers can be fellow learners. We define peer learning in its broadest sense, as 'students learning from and with each other in both formal and informal ways. Students learn a great deal by explaining their ideas to others and by participating in activities in which they can learn from their peers. They develop skills in organizing and planning activities, working collaboratively with others, giving and receiving feedback and evaluating

their own learning. The emphasis is on the learning process, including the emotional support that learners offer each other.

**Report
On
One Day Seminar on Right to Information**

Date – 17 December 2022

Venue – Seminar Hall

Resource Person : Ms. Vidhyanjali Singh H.O.D. / Assistant Professor of CERT Meerut

No. of Participants – 52 Students of LL.B.

Report Date – 22 December 2022

A seminar on "Right to Information Act" was organized by co-curricular activity committee of SVM Law College, Shikarpur, Bulandshahr. The resource person Ms. Vidhyanjali Singh H.OD./ Assistant professor of CERT Meerut spoke on Right to Information, its need and application procedure to request for any information, time limit to obtain the information, what are the grounds for rejection to obtain the information. She highlighted on different RTI complaints filed by the common people and benefits of such complaints. She also informed the students to use RTI as a tool to empower themselves.

The Right to Information Act, 2005 was enacted with the avowed objective of providing an effective framework for effectuating the Right of Information recognized under Article 19 of the Constitution of India and to provide for setting the practical regime of RTI for citizens to secure access to information under the control of public authorities in order to promote transparency and accountability in the working of every public authority.

With the expansion of economy, people's quest for right to information has increased and so has the demand for the inspection of record held by the Government departments and various public authorities. Perhaps, because of the apprehensions that the masses may not get alienated, the Government thought it imperative to initiate steps to bridge the gap with the people through the Right to Information Act and ultimately diminish the aura of mystery around the decision-making and functioning of the Government to make people feel that they are an integral part of the Government system or governance, the Indian democracy through the Right to Information Act, 2005, has made

Importance

The RTI Act, 2005 did not create a new bureaucracy for implementing the law. Instead, it tasked and mandated officials in every office to change their attitude and duty from one of secrecy to one of sharing and openness.

It carefully and deliberately empowered the Information Commission to be the highest authority in the country with the mandate to order any office in the country to provide information as per the provisions of the Act. And it empowered the Commission to fine any official who did not follow the mandate.

Right to information has been seen as the key to strengthening participatory democracy and ushering in people centered governance.

Access to information can empower the poor and the weaker sections of society to demand and get information about public policies and actions, thereby leading to their welfare. It showed an early promise by exposing wrongdoings at high places, such as in the organization of the Commonwealth Games, and the allocation of 2G spectrum and coal blocks.

Right to information opens up government's records to public scrutiny, thereby arming citizens with a vital tool to inform them about what the government does and how effectively, thus making the government more accountable.

Improves decision making by public authority by removing unnecessary secrecy.

Challenges

Different types of information is sought which has no public interest and sometimes can be used to misuse the law and harass the public authorities. For example-

To attain publicity by filing RTI

RTI filed as vindictive tool to harass or pressurize the public authority

Because of the illiteracy and unawareness among the majority of population in the country, the RTI cannot be exercised.

REPORT ON ONE DAY SEMINAR

**“Dr. B.R. Ambedkar’s Thoughts on Indian Democracy, Constitutional Right
And Social Justice”**

ON

14 APRIL 2023

Saraswati Vidya Mandir Law College Shikarpur, Bulandshahr was organized one day seminar on Dr. Bhim Rao Ambedkar Birth Anniversary 14 April 2023 in seminar hall. The seminar topic was “ Dr. B.R. Ambedkar’s thoughts on Indian Democracy , Constitutional Right and Social Justice. The program started at 10:30 am with the welcome address by **Ms. Pramod kumar**. The chief guest of seminar was **Mr. Varun Kumar Singh circle officer, shikarpur** and special guest **Mr. Prem Chand Sharma Police inspector, Shikarpur**. Opening remarks and introduction of the program was given by Mr. Pramod kumar. He was the chief anchor of program.

Mrs. Sweta Singh was keynote speaker of the seminar. She say that Ambedkar’s thoughts, the Indian Constitution guarantees equal rights to all, based on social Justice and human dignity. It is observed, however, that Ambedkar’s ideas of social justice could not be realized in a proper manner over the years. As such, his concept of justice will have to be propagated by institutions through civil society.

Ambedkar was concerned about the overall development of the vulnerable sections of the Indian society and he chose to demolish existing caste discrimination by enacting the Constitution. Therefore, Ambedkar’s ideas of social justice remain relevant in contemporary Indian society in promoting constitutional and legal methods for upholding the rights and dignity of the vulnerable sections.

In this way the unique life of Bharat Bhushan Ambedkar has become a new source of learning and a new source of inspiration for devotees. From it has emerged a new deity, and the lamp that will be burning in its temple in this land of temples will be seen from all sides of the nation and from distant comers of the world. A new academy of knowledge, a new inspiration for poetry, a new place of pilgrimage and a new opportunity for literature have sprung up.

Mr. Varun Kumar Singh enlisted the knowledge of students y, we need to look at the nature of our politics and electoral system after nearly seven decades of the working of the Constitution. Over centralization of power at the union level and the first-past-the-post system of elections have exacerbated the worst features of a flawed democracy. Today vote buying, large consumption subsidies without addressing the structural problems of poverty and income deprivation, and increasing mobilization of votes by polarizing society on caste, region and religion have become the key features of our electoral democracy.

The Program was conducted by co-curricular Activity Committee .12 students had present paper in session. Student Anurag Bargoti , Mohit kumar Sexsena , Susmita , Khshboo, Juber Khan , Anshika and others were speak thought on seminar topic. 60 students present in this program .Mrs. Usha Gupta gave the thanks for all faculty members,non-teaching staff and all students whom were present in seminar.
