Report on Awareness Programme 'Save Girl Child

Saraswati Vidya Mandir Law College Shikarpur, Bulandshahr organized an Awareness campaigning programme on the 10 August 2022 from 11 A.M to 12 P.M. The main objective of the programme was to create awareness among the people about the importance of girl child. The bigger objective was to discourage them against the female foeticide, a cancer for the society. There was a huge enthusiasm among the teachers and the students for the programme well renowned and eminent personality.

The Law students expressed her thoughts passionately on the topic and shared concern, she also quoted the constitutional provisions for the safety and security of girls. She further elaborated that a girl is the one who plays many roles in our lives. She is our mother, our Sister, our wife, our grandmother and many more. She is the cause of life, because of her we are in this world. Before a sister, a mother, a wife, she is a girl and if you are saving a girl you are saving your world. She explained that discrimination against girls in India has been going on since ages now. Even today, there are several sections of the Indian society where the girl child is treated as a liability. While several privileges are given to the boys; girls are often restricted to the confines of house and given very little or no opportunities to learn and grow in life. She emphasized the role of education is extremely important here and goes a long way in empowering women. And the process of education has to begin early in life. More and more girl children need to be sent to school provided quality and holistic education.

Introduction: -

Access to justice is essential for rule of law. Access to justice, enable citizens to have their voices heard, exercise their rights and challenge discrimination. Access to Justice is not confined to court based legal services. It extends to making people aware about their entitlements under various enactments and welfare schemes and programmers and strengthening their access to the same. Some Legal Awareness Visit is being held by the State Legal Services Authorities to make people aware about their entitlements and apprise them about the availability of free legal services. In most of the visit, it has been observed, only creating of awareness is focused on. There is a need to affect paradigm shift from awareness to empowerment. For this to happen, a new Model of holding Legal awareness visit is required which would not only make people aware about their entitlements and procedural aspects relating to the same but also connect them to the welfare schemes meant for them. Delivery based Model for holding Legal awareness visit is required.
