## **VALUE ADDED COURSE ON MANIFESTATION YOGA**

**Course Status : Regular**

**Duration : 40 Hours**

**Category : Manifestation Yoga**

**Level : Graduate**

**Start Date : 11-Oct, 2021**

**End Date : 30<sup>th</sup> Nov, 2021**

**Enrollment Ends : 30<sup>th</sup> Sep, 2021**

**Exam Date : 15<sup>th</sup> Dec 2021**

**Objective** - Aham Brahmasmi. This is the supreme truth that the entire creation is based on. As human beings, we are blessed with the highest form of sentience and we experience the universe deeply. However, we have forgotten the supreme truth entirely or we fail to realize it in our daily life. Praakatyoga aims to raise the spiritual awareness of humans as well to give deep holistic insights to assist us in living a more fulfilled life driven by values instead of mere materialistic goals.

1. Big bang theory – A scientific analysis of the origin of the universe

Universe which was comparable to the size of a single bacterium in a billionth of a trillionth of a second expanded by a factor of 10 to the power 26 and became the size of the Milky way galaxy. Matter and energy are constantly converting into each other throughout the universe.

2. The Bible for manifestation – Understanding the teachings of the bible regarding the role of manifestation

The bible talks about gratitude and generosity as the key to prosperity for example, Gospel of St Matthew that goes like this - those who already have will get more and have plenty. But those who don't have even what little they have will be taken away. It may sound unfair, like rich get richer and poor get poorer. But there is a secret hidden in it.

The key to this mystery is gratitude.

3. Bhagwat Geeta – Learning the supreme truth as described in the Bhagwat Geeta  
Lord Krishna shows his true form to Arjuna and explains how the entire universe is Him. He explains how the entire creation is the supreme truth itself

4. Manifestation – Meaning of the term

The word Manifest DOES NOT mean create. It does not mean borrow, buy or build. It means to make visible that, which already exists. The un-manifested is not non-existent, it is merely hidden, waiting to be uncovered.

5. Know Thyself - we are beings with an infinite consciousness.

Due to our limited sensory perception, we spend our entire lives believing ourselves to be beings of limited potential, confined into a small mortal body. This forgetfulness of our true reality has been spoken about by great mystic Yogis throughout the ages.

6. The forgotten truth - We have forgotten that we are "Prana".

The cosmic spiritual energy that manifests into all forms of matter and measurable energy. We are not human beings experiencing the Universe, we are the Universe experiencing human beings. In this forgotten truth lies our ability to realize our infinite potential to manifest anything. Consciousness is the guiding mechanism that the Universe uses to manifest a material reality from pure energy of infinite possibilities.

7. The price we pay - The forgetfulness of our true form costs us too much. We are bound to spend our entire lives under the belief that we are insignificant beings on a cosmic scale. We believe that we are born at one point in time, and then life events happen to us with very little control until we die. We take it for granted that there is a separation between us and the Universe, Time and Space.

8. The reality – what quantum physics tells about the universe

Through the Schrodinger and Heisenberg model of atom, it has been proven that the Quantum world goes in and out of existence constantly. 99.999 % of the time it is pure energy, materializing only for 0.001 % of the time. The nature of the sub atomic world can only be talked about in terms of "probability distributions". On the deepest scale, the Universe is all about probabilities, that are suspended. Infinite number of realities that stay suspended 99.999% of the time as pure energy, and only collapse into measurable solidity 0.001% of the time.

9. The universe - Hence the correct way to look at the Universe is to think of it as a Giant cosmic dance of infinite possibilities, enacted by Prana, taking the form of all matter and visible energy, and witnessed by Prana, taking the form of all conscious beings from the simplest bacterium to a complex Human Being.

10. Case studies –

- Young's Double Slit Experiment and Quantum Entanglement.
- Ancient Yogis have demonstrated superhuman abilities through control of Prana energy flow.
- HeartMath Research Institute has proven that EEG waves of the heart have the potential to untangle DNA, through a controlled experiment.
- Dr. Lebovici's prayer experiment has demonstrated the power of Intentions with strong emotions in the form of prayer.
- The intentions experiment by Lynne Mc Taggart

11. The purpose - The purpose of Manifestation Yoga

This false sense of separation deprives us of the sole purpose of life – to consciously experience the joy of the infinite by manifesting it into the finite. The purpose of Manifestation Yoga is to reach deep inside us and unveil that, which has been buried under the limitations of ignorance, cultural dogma and false conditioning.

12. Manifestation Yoga Meditation – an overview

Understanding the process and its basic structure

13. Grace – showing our gratitude to the universe for the opportunity to witness this beautiful creation

14. Attune – being one with the universe

15. Recharge – energize the body on a cellular level

16. Strengthen – make the body stronger for maintaining optimum posture

17. Heal – healing the body and blessing the chakras

18. Manifest – manifesting the most desirable experience of this life

19. Bonus chapter – Riddikulus

### **Value Added Course on First Aid and health**

**Course Status : Regular**

**Duration : 40 Hours**

**Category : First Aid and Health**

**Level : Graduate**

**Start Date : 22-02-2022**

**End Date : 20-04-2022**

**Enrollment Ends : 12-02-2022**

**Exam Date : 05-05-2022**

#### **Course Description-**

First aid training courses are available from registered training organizations (RTOs), accreditation schools and colleges. The number of training hours required for each course varies. It prepares the students to deal with a range of medical emergencies, from common injuries such as cuts, scrapes, and burns to major injuries such as trauma to the head and cardiac arrest. It teaches the students to deal with traumatic injuries, use CPR and manage airways. Coaches and trainers can undergo a course to prevent and handle sports injuries. GPs and Nurses can also take for their continuing professional development (CPD) requirement. Employees can enroll to know how to respond to emergencies that occur in remote locations and the wilderness.

**Course Objective-** The aim of first aid is to preserve life, preventing injury from getting worse, aiding recovery, relieving pain, and protecting the unconscious. The main objective is to save lives. And first aid training is key to doing that if properly implemented. First aid helps a person heal their wounds, both in the short term and long term. The overall aims of first aid are to preserve life, prevent deterioration and promote recovery. By providing immediate and effective care within the time frame of person waiting for an ambulance, person can help stabilize the patient and prevent the person from worsening until the medical professionals can take over.
